

KING'S COLLEGE, LAGOS
SECOND-TERM NEWSLETTER TO PARENTS
22/03/2017

It is the end of the term and the tradition is to have records of the summary of our operations in form of a correspondence to parents, notwithstanding our engagement in a meeting just few days earlier. It is in fulfillment of this tradition that I have to relay to you the score sheet for the term ending. I must not lose sight of your welcome of the commencement of my stewardship at the College during the meeting. I state unequivocally from my experience in the last meeting that the parents of King's College, Lagos are delightful stakeholders with determination for the best in the education of their children. We have started together on a promising note and you have challenged my ingenuity to give the best in my store of experience to educate your children. I state our commitment to ensure that the world best practices will be employed to educate your children in the course of this administration. Our slogan of "only the best is good for me" will not be a verbal slogan without action bite. My request will only be your unalloyed trust in our drive to coordinate the resources of the College for optimum result.

I have seen the enormous challenges confronting the school and have braced up to face them head-long with your support which is not in doubt.

Despite all challenges, our stated goal at the inception of this administration derivable from our slogan 'only the best is good for me' will be the focus to make the College learner-friendly to achieve optimal results in learning/teaching process. Evidence from immediate past external examinations results give credence to the need for better efficiency of our approach. We will strive hard to make it better through the path we channeled in our very ambitious plan of making the College automatic in success.

Again you Parents have been credible partners as we progress together.

PARENT-TEACHER ASSOCIATION MEETING

A meeting of the Parent-Teacher Association held and addressed several issues affecting the progress of the students. A major fall-out of our decisions was to make the hostel more conducive by completing the on-going Parent-Teacher Association Hostel building. The PTA

Secretariat will address the decisions taken at the Meeting. We appeal to all Parent to play their part of the agreement.

ACADEMICS/ EXAMINATIONS

Recall my submission during our meeting that our essence of coming together is for the education of our children and the next generation of Nigerians in crave for our national development. I reiterated the fact that a nation cannot develop above its education industry and the need to jointly work together to ensure that the quality of education at our local level is competitive with global best practices.

I have equally expressed my opinion during meetings that the College Management had agreed on the way forward in order to improve the quality of the result. My request again from you is to trust us enough to support our decisions in the course of our duties.

Mock examination for SS3 suspended for the Joint Matriculation Examination had been concluded. Second term examination for other students was concluded and results will be made available on the College Portal from Wednesday 28th March, 2018. Hard copies will also be available in the office of the Vice Principal Academics from Thursday, 29th March.

SSCE, WAEC Examination commences on 3rd April. Extension Class for JS 3 commences on 4th April. All JS3 student are expected back in the School on the 3rd April by 6:00pm.

DISCIPLINE

I once again express the fact that discipline is a major ingredient for success and this administration will take issue of discipline very serious.

It is against this background that I admonish parents/guardians again to impress it upon their children/wards that tramping on other students rights and distortion of acceptable level of private comfort will attract commensurate sanctions. All common elements of indiscipline are unequivocally condemned in strong terms and will be visited with appropriate sanctions. Please be concerned and deliberate enough in monitoring the activities of your children and counsel them to eschew immoral conducts.

I reinforce the need for parents of SS3 students to note that we will not accept excesses associated with examination period of final year students from them. All rules are binding until final disengagement from the College.

INTER-HOUSE SPORTS COMPETITION

The College Inter-House Sports Competition held on Saturday 17th February, 2018 and I was told that the event lived up to its expectation. We thank our parents who spared their time to witness the event.
